HIGH SCHOOL APPLICATIONS FOR 2019-20

The Student Assignment Plan allows current ninth through eleventh grade students the opportunity to apply to any OPS high school for the 2019-20 school year. **Space availability will determine eligibility.** Students may always remain at their current schools, or they are guaranteed placement at their home attendance area high school **if the school is selected in January.**

TRANSPORTATION :

The magnet schools of Benson, North, Northwest, & South High provide transportation to their home attendance area students when a student resides more than three miles from the school. Transportation is also provided to Northwest High for students residing in the Burke/Northwest Dual Home Attendance area. Should a student wish to attend a non-home attendance school, transportation will depend on socio-economic integration and distance from the school.
